Grade 5 Theme 7 Test 4

Life in Nature

Nature Reading

Name: _____ Class: _____ Date: _____

Choose the correct answer.

Read the text for the next five questions.

Our class visits a national park with a guide. We see monkeys in the trees and birds near the river. The guide asks us to stay on the path and speak quietly. We must not feed the animals. Before leaving, we collect our rubbish. The visit helps us understand why animals need safe habitats.

1. Who shows the class around the park?

   A) A guide. B) A chef. C) A musician.

2. Where do the students see monkeys?

   A) In the ocean. B) In the trees. C) On a beach.

3. What must the students NOT do?

   A) Feed the animals. B) Stay on the path. C) Speak quietly.

4. What do the students collect before leaving?

   A) Bird eggs. B) Their rubbish. C) Wild animals.

5. What is the main message of the text?

   A) Animals should be taken home.
   B) Visitors should leave the paths.
   C) Visitors should respect animals and their habitats.

Grade 5 Theme 7 Test 4

Life in Nature

Nature Reading

Choose the correct answer.

Read the text for the next five questions.

At a wildlife centre, we learn about three rescued animals. The young giraffe is three metres tall. The adult giraffe is five metres tall. The zebra is one and a half metres tall. The centre gives the animals food, care, and space. Visitors watch quietly from a safe area and do not enter the animals' living space.

6. Which animal is the tallest?

   A) The zebra. B) The young giraffe. C) The adult giraffe.

7. How tall is the young giraffe?

   A) Five metres. B) Three metres. C) One and a half metres.

8. Which animal is shorter than both giraffes?

   A) The adult giraffe. B) The young giraffe. C) The zebra.

9. Where do visitors watch the animals?

   A) From a safe area.
   B) Inside the animals' living space.
   C) From the animals' feeding bowls.

10. Why does the centre provide care and space?

    A) To keep the animals without food.
    B) To help the rescued animals.
    C) To make visitors feed them.
