Grade 6 Theme 8 Test 1

Life in the Universe and Future

Choose the correct answer.

Read the text and answer questions 16 to 20.

OUR FUTURE EARTH EXHIBITION

Next Friday, our class is going to hold an exhibition in the science room. We are going to display models of future homes. My team is going to show a house that uses solar energy. Another team is preparing a model bus that runs on clean electricity. Families can visit from two to four. Our teacher thinks the exhibition will help visitors learn about saving energy. After the exhibition, we are going to keep the models in the school library.

16. When is the exhibition going to take place?

A) Next Monday B) Next Friday C) Next Sunday

17. Where is it going to be?

A) In the library B) In the science room C) In the sports hall

18. What energy source does the writer's model house use?

A) Solar energy B) Coal C) Oil

19. When can families visit?

A) From one to two B) From two to four C) From four to six

20. Where are the models going to stay after the exhibition?

A) In the library B) In the canteen C) At the bus station
